

CLI Presenter

The Ultimate Terminal Presentation Tool

Features Overview

- **Markdown Based:** Write simple, portable slide decks.
- **TUI & HTML:** Present in the terminal, export to the web.
- **Rich Content:** Support for images, code blocks, and diagrams.
- **Themable:** Custom CSS for both terminal and PDF.

Centered Layout

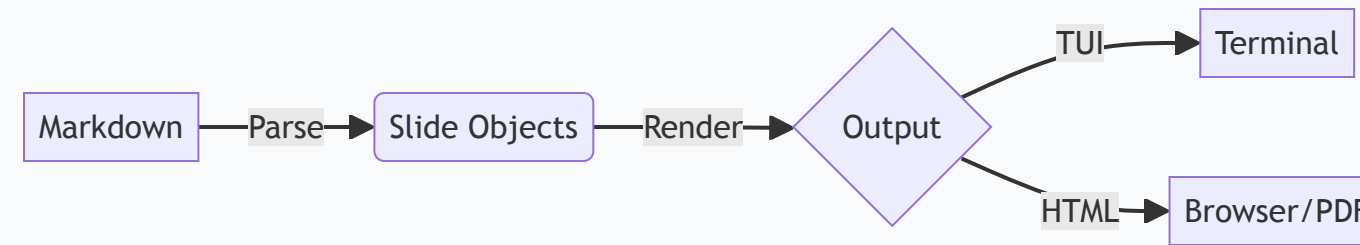

This content is centered vertically and horizontally. Great for quotes or big impact statements.

"Simplicity is the ultimate sophistication."

Code Highlighting

```
def hello_world():  
    print("Hello from CLI Presenter!")
```

Mermaid Diagrams

Thank You

Run `cli-presenter export template.md` to see these diagrams in action!
