SUBMITTER'S GUIDE

1.1 Submitter

The Submitter is able to submit material for a contribution. You are given Submitter access by either the Conference Manager, Session Manager, Contribution Manager or possibly the Session Co-ordinator.

You can access the contributions for which you can submit material by selecting *My contributions* from the menu in the event homepage. This will take you to your submission area and will list the contributions for which you can submit material.

Conference 1

26-29 July 2011 *CERN*
Europe/Zurich timezone

- Overview
- Scientific Programme
 - Manage my tracks
- Call for Abstracts
 - View my abstracts
 - Submit a new abstract
- Timetable
- Contribution List
- Author index
- My conference
 - My track
 - My contributions**
- Book of abstracts

Contributions

Files [Edit files](#)

To submit material, click on *Edit Files*. A popup will appear, where the attached files can be seen.

By clicking on *Add Material* link a new popup will appear from which you can choose the material type (slides, video etc.) and upload it. You also need to set the protection level, (see `access_control`), and you can add a description and display name. If you set the material to be private, a *Protection* tab will appear, where you can add users or groups that are allowed to access your material, set the visibility (hidden, visible) and if you wish, set an access key.

The screenshot shows a dialog box titled 'Up' with a yellow callout bubble that says 'You can specify users using this tab'. The dialog has three tabs: 'Basic' (selected), 'Protection', and 'Advanced'. Under the 'Basic' tab, there are two radio buttons for 'Location': 'Local file' (selected) and 'External resource (hyperlink)'. Below these is a text input field and a 'Browse...' button. There is also a 'more' link. A checked checkbox is labeled 'Convert to PDF (when applicable)'. Below that is a 'Material type' section with a dropdown menu showing 'Slides' and the text 'or other'. A red instruction line reads: 'This will be the first resource of type **Slides**. Please select who will be able to access this material type:'. Below this are three radio buttons: 'Inherit from parent Contribution (currently **open** to everyone, but can change)', 'Private: Can only be viewed by you and users/groups chosen by you from the list of users' (selected), and 'Public: Can be viewed by everyone'. At the bottom right are 'Create Resource' and 'Cancel' buttons.

Up

You can specify users using this tab

Basic Protection Advanced
