JUNGLE

NEON  
JUNGLE

The background of the image is a dense, abstract composition of long, thin, blade-like shapes, resembling tropical leaves or grass. These shapes are rendered in a vibrant palette of deep purples, magentas, and bright oranges, set against a dark, almost black, background. The lighting creates a strong sense of depth and texture, with some elements appearing sharp and others blurred, giving it a dreamlike, neon-soaked quality.
