

<imageAndFlowables> Tag Demo

This tag sets an image and flowables around it. This paragraph clearly still goes across the entire frame width. We need some more text to demonstrate that.

Wrap around

This text should wrap around the image.
A lot more text goes here. A lot more text goes here.
A lot more text goes here. A lot more text goes here.
A lot more text goes here. A lot more text goes here.
A lot more text goes here. A lot more text goes here.
A lot more text goes here. A lot more text goes here.
A lot more text goes here. A lot more text goes here.
A lot more text goes here. A lot more text goes here.
A lot more text goes here. A lot more text goes here.
