Spring Store Report

Our team checked every store in March. Most stores met the new goal, and two stores beat it by a wide margin. The table below shows the numbers for each region.

Sales by region

Region	Stores	Sales
North	12	$48,200
South	9	$39,950
West	15	$61,300

Next steps

- Hire two new staff in the West region.
- Fix the slow checkout in South stores.
- Check again in June.

Notes

Sales numbers are before tax. Two stores in the North opened late, so they only count for half the month. Ask the store lead if a number looks wrong.
