This License Agreement (“Agreement”) is a legal contract between you, or as applicable on behalf of your employer and any Teradata-authorized licensee for whom your employer is acting on its behalf ("You," "Your," and "Yours") and Teradata Operations, Inc. ("Teradata") for the Software. “Software” refers to the applicable software product identified either above or on the site where this Agreement is located, which consists of computer software code in object code form only, as well as associated media, printed materials, and online or electronic

documentation. The term “Software” also includes any and all error corrections, bug fixes, updates, upgrades, or new versions or releases of the Software (collectively and individually, “Enhancements”) that Teradata may elect in

its sole discretion to provide you. Teradata is under no obligation to provide you with Enhancements under this

Agreement. By accepting this Agreement, you represent and warrant that you possess the authority to enter into this Agreement on behalf of your employer and any Teradata-authorized licensee for whom you and/or your employer are acting on their behalf.

“Scenario (i)”: If you are downloading the Software on behalf of a Teradata-authorized licensee that has already purchased a license to the Software pursuant to an executed master agreement (“Master Agreement”) with Teradata or one of its affiliates, the terms of such master agreement prevail over this Agreement.

“Scenario (ii)”: If Scenario (i) does not apply to you, then this Agreement and the terms of use for the site from which you downloaded the Software (“General Terms of Use”) constitute the entire understanding of the parties with respect to the Software and Services, and supersede all other prior agreements and understandings whether oral or written. For clarity, Section 2.a. (i) does not apply to you. For example, individuals that have downloaded a copy of the Teradata Express version of the Teradata Relational Database product fall within this Scenario (ii).

1. Term. This Agreement commences on the earliest date of the first download, first copying, first installation, or first use of the Software (the “Effective Date”). Unless terminated earlier as provided herein, this Agreement, including your license to the Software, will expire or terminate on the first to occur of: (i) the same date that your Teradata-authorized license to

use the Teradata Relational Database product expires or terminates or (ii) in accordance with the terms of this Agreement.

2. License.

(a) Teradata grants you a nonexclusive, nontransferable, paid up license:

(i) If Scenario (i) applies – to the Software in accordance with all of the terms and conditions of the Master Agreement.

(ii) If Scenario (ii) applies - subject to your compliance with all of the terms and conditions of this Agreement, to install and use the Software on your computer workstation in object code form for your internal use solely for purposes of facilitating your Teradata-authorized license to use the Teradata Relational Database product. You may make reasonable archival backup copies of the Software, but may only use an archival copy in lieu of your primary copy and subject to the same restrictions as your primary copy.

(b) The term "Third Party Software" means computer programs or modules (including their documentation) that bear the logo, copyright and/or trademark of a third party (including open source software that are contained in files marked as "open source" or the like) or are otherwise subject to written license terms of a third party. Third Party Software does not constitute Software. Third Party Software is licensed to you subject to the applicable license terms accompanying it, included in/with it, referenced in it, or otherwise entered into by you with respect to it.

(c) You will not sell, copy, rent, loan, modify, transfer, disclose, embed, sublicense, create derivative works of or distribute the Software, in whole or in part, without Teradata's prior written consent. You are granted no rights to obtain or use the Software's source code. You will not reverse-assemble, reverse compile or reverse-engineer the Software, except as expressly permitted by applicable law without the possibility of contractual waiver. Notwithstanding anything to the contrary, you do not have any license, right, or authority to subject the Software, in whole or in part or as part of a larger work, to any terms of any other agreement, including GNU Public Licenses.

(d) No license rights to the Software will be implied. The Software, which includes all copies thereof (whether in whole or in part), is and remains the exclusive property of Teradata and its licensors. You will ensure that all copies of the Software contain Teradata's and its licensors' copyright notices, as well as all other proprietary legends. Teradata reserves the right to inspect your use of the Software for purposes of verifying your compliance with the terms and conditions of this Agreement. If applicable, such right will be conducted according to any audit provisions that might exist in an underlying agreement between you and Teradata.

(e) The Software may contain a disabling device that will prevent the Software from being used on data sets larger than a certain size. You agree not to: (i) use the Software on data sets larger than such or (ii) disable or circumvent any disabling device contained in the Software.

(f) Notwithstanding anything to the contrary, Teradata shall have the right to collect and analyze data and other information relating to the provision, use and performance of various aspects of the Software and related systems and technologies (including, without limitation, information concerning your data and data derived therefrom), and Teradata will be free (during and after the term hereof) to (i) use such information and data to improve and enhance the Software and for other development, diagnostic and corrective purposes in connection with the Software and other Teradata offerings, and (ii) disclose such data solely in aggregate or other de-identified form in connection with its business.

3. Responsibilities. You are responsible for the installation of the Software, as well as for providing data security and backup operations. This Agreement does not require Teradata to provide you with any Enhancements, consulting services, technical assistance, installation, training, support, or maintenance of any kind (collectively and individually, "Services"). To the extent that Teradata elects to provide you with any Services, such Services are provided to you at Teradata's sole discretion and may be modified or discontinued at any time for any reason.
