

Measured clipboard error rates on the office corpus:

| <b>Class</b> | <b>Naive</b> | <b>pdfcopy</b> |
|--------------|--------------|----------------|
| Invoices     | 41%          | 4%             |
| Articles     | 63%          | 7%             |
| Contracts    | 58%          | 5%             |

Geometric reflow removes almost all soft-break errors on these three classes.
